Camper Code of Conduct

Safety is our number one priority for all of our campers and staff. Whether inside the building, outdoors for activities, or off-site for field trips, your child is expected to follow expectations at all times. Respecting these guidelines is essential to a successful camp experience.

Camper Expectations are as follows:

- Camper will take the direction of any counselor or staff member.
- Camper will exhibit appropriate behavior without excessive individualized attention.
- Camper will stay with their assigned group at all times, with the exception of Free Time periods.
- Camper is responsible for personal belongings such as water bottle, lunch box, clothing, personal devices, etc.
- Camper will be respectful of all Club property, be mindful of disposing garbage in proper receptacles, and leaving "no-trace" when we go offsite.
- Camper will refrain from any behavior that might harm (physically or emotionally) a camper or staff member, including Social Media posts.
- Camper will be respectful of others' ideas and values even if they differ from their own. Their actions and language must have a positive impact.
- Camper will follow all the above-mentioned rules when on field trips to offsite locations as well as the pool.
- The Boys & Girls Club of Orchard Park- Boston is a drug/alcohol/weapons free zone.

Behavior Management

We are dedicated to creating a safe, welcoming, and enjoyable environment. Our approach to behavior management begins with prevention. We set clear and reasonable guidelines for all members, reinforce positive behavior, and redirect negative actions. Additionally, we help members recognize and express their emotions to navigate their feelings effectively. If a child's behavior poses a risk to themselves or others, we will step in to ensure safety. We make every effort to communicate and address individual behavior challenges; however, if a problem persists, we reserve the right to remove a child from camp.

Safety is our number one priority, as it lays the foundation for a fun-filled summer. By maintaining a secure and structured environment, we ensure that every camper can fully participate in activities, build friendships, and create lasting memories. Our staff is committed to fostering a positive atmosphere where children can explore, learn, and grow while feeling supported and protected throughout their camp experience.

In extreme situations, a member's behavior may result in immediate suspension or removal from the program. This includes the use of profane or abusive language, as well as any aggressive actions that threaten or cause harm to other participants or staff. Bullying in any form is strictly prohibited, including physical, emotional, verbal, or sexual aggression intended to harm another person.

Swimming (Orchard Park Only)

PLEASE READ!!!!

Your child will have scheduled times for **recreational** swimming at the Orchard Park High School twice a week (Tuesdays & Thursdays 9:30-12:00 pm). **Members need to arrive no later than 9:30am to participate in swim.** Please help ensure that your child comes prepared dressed in a full coverage swimsuit, with a towel that is labeled with last name or initials.

Swimming is subject to cancellation due to weather conditions.

Swim Testing

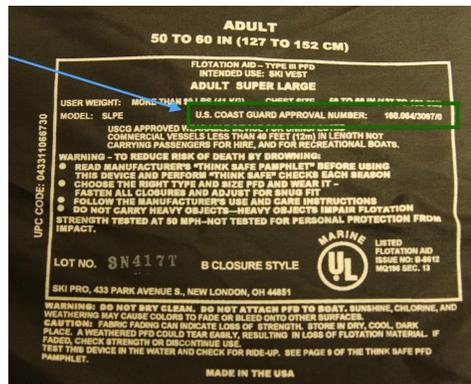

We are committed to ensuring the safety and well-being of all our participants. In alignment with our commitment, we will be strictly following the Red Cross classifications & Erie County Health Department's guidelines for swimming activities. These guidelines are designed to protect your child/children & staff. We appreciate your cooperation & understanding while we adhere to them.

The Water Safety Instructor will classify all members based on their swimming ability. **All members' swim classifications will be non-negotiable.** Swimming in a large community pool is vastly different from swimming in the comfort of your own pool at home. Therefore, it is crucial to adhere to the swim classifications to ensure everyone's safety. The Water Safety Instructor may review or retest any member whose skills appear to be inconsistent with their classification to ensure that safety standards have been maintained.

We will be classifying campers into three different swim levels:

- **Green-** Deep End Swimmer. Can swim 2 continuous laps of the pool without stopping by demonstrating necessary swim strokes, jump into the deep end and fully submerge head then tread water for 2 minutes. Also shows confidence and comfortability in the water.
- **Red-** Shallow End Swimmer- Can stand in the shallow end with their head above the water, but does not demonstrate adequate swimming strokes and/or comfortability in the water.

- **Yellow** Non-Swimmer. **Must wear a US coast guard approved life jacket at all times.** Cannot stand in the shallow end with their head above water, does not show comfortability in the water, and does not demonstrate necessary swim strokes.
 - **Life Jackets and Flotation Devices**
 - If your child uses any form of flotation device at home send your child on day one with their **US Coast Guard Approved** life jacket or wearable foam flotation device, **Arm floaties are not permitted.**
 - Campers are responsible for providing their own US Coast Guard Approved Flotation device.
 - The life jacket/flotation device must have a US Coast Guard Approval number on it; otherwise, it will not be permitted in the pool. A photo of what to look for is provided below. Amazon and Walmart offer affordable options for roughly \$20.

Your child will only need to take the swim test once (on their first day of swim) if they are signed up for multiple weeks. Your child will have the ability to retest at the beginning of each week if they want to try for a higher swim level.

Swim Behavior Expectations

- We expect campers to conduct themselves with respect and mindfulness while in the vicinity of the pool and locker rooms. This includes adhering to lifeguard instructions, practicing good sportsmanship, and respecting the personal space and belongings of others.
- In the event that a camper fails to meet these expectations and engages in behavior that compromises the safety or well-being of themselves or others, they will be given a warning. Should the behavior persist despite the initial warning, disciplinary actions will be determined based on the nature of the offense. These actions may range from temporary suspension of swimming privileges to further disciplinary measures, as deemed appropriate by the Aquatics Director.
- Our primary goal is to ensure the safety and enjoyment of all campers, and we appreciate your cooperation in reinforcing these expectations with your child.
